

# Swanson Group

Glendale, OR | APA Mill Number 433

This mill produces structural plywood that is audited and certified in accordance with APA's Real Time Quality Assurance (RTQA) Program. APA certification is not available to producers of hardwood/decorative plywood, particleboard or medium density fiberboard (MDF).

The APA member mill referenced above, in conjunction with the respective quality audit program, manufactures products that:

- Meets CSA O121, Douglas fir plywood
- Meets PS1, Structural Plywood
- Is a ROCB JAS Certified mill as prescribed by Japanese Agricultural Standards
- Has formaldehyde emission results that meet the JAS Standards for Structural Panels with a rating of F★★★★
- Is exempt from the California Air Resources Board (CARB) Airborne Toxic Control Measure (ATCM) to Reduce Formaldehyde Emissions from Composite Wood Products (California ATCM 93120), and
- Is exempt from the EPA Toxic Substance Control Act (TSCA) Title VI Formaldehyde Standards from Composite Wood Products Act.

A handwritten signature in black ink, reading "Charles E. Hartke". The signature is written in a cursive style with a horizontal line underneath.
